

FEE SCHEDULE

\$3,000* –Standard Economic Loss Reports: Pecuniary Analysis (\$750 related revision)

*Work exceeding 6 hours billed at \$500/hour

- Personal Injury
- Medical Malpractice
- Product Liability
- Wrongful Death
- Wrongful Termination
- Mass Torts

You can use these reports from the very start to determine your case's economic value. You obtain an accurate assessment of the damages that your client has sustained. Each report clearly outlines present and future dollar damages. The reports summarize each element of your client's losses in a direct, easy to understand manner.

\$1,800** –Analysis of a Life Care Plan (\$750 related revision)

**Work exceeding 3.6 hours billed at \$500/hour

Our economic analysis of the life care planner's report projects the plaintiff's current medical and non-medical expenses forward. These future costs are then discounted to today's dollars providing an accurate present value financial assessment.

\$750 –Scheduling / Cancellation Fee

This non-refundable fee schedules EnterpriZ's expert witnesses for your trial or deposition testimony. This fee will be applied to the final invoice. In the event of cancellation, the fee is non-refundable.

Expert Testimony (\$2,000/8-hour day)

There is a minimum \$2,000 charge per day for all deposition and trial testimony. This charge is in addition to travel time and expenses. All fees are required to be paid before the deposition or trial. If additional services are requested beyond what has been estimated, the additional charges will be due at the time incurred. The retaining attorney is solely responsible for payment of services rendered by EnterpriZ. EnterpriZ may choose to be unavailable for deposition or trial testimony if prior payment has not been rendered.

The listing or designation of EnterpriZ Economic Consulting LLC or any of its employees as an expert in a case without prior permission is strictly prohibited. Any violation of this policy will be considered retention and will result in subsequent invoicing.
